NINETEEN MEN DROWNED IN HUDSON---EDITOR GETS HIS FACE BADLY PUNCHED

AN OLD SCOW LOADED WITH LA-
BORERS CAPSIZED

Men Rushed to One Side of Boat and
It Flipped With Water--Several
Were Rescued While Others Sank

Glenn Falls, Mar. 7.—Nineteen men
are dead as the result of the capsizing
of the boat used by the workmen at
Spic Falls, about ten miles west of
Glenn Falls on the Hudson river.

More than 1,000 men are employed
there at present in the construction of
a power dam of the Hudson River
Power company. The laborers and
many masons are Italians, who live in
shanties on the north side of the river.
The main portion of the work is car-
ried on the opposite side of the
river. The men have been in the habit
of crossing in a small bridge, where
the river has been rising for
days, and the company, fearing the
bridge was unsafe, destroyed it with
dynamite.

Below the work about half a mile is
a ferry. The boat is a scow shaped af-
fair thirty feet long and thirteen feet
wide, and operated by means of a cable.

It is large enough to carry a heavily
loaded team, and as many as 150 men
have been taken across at one time.
This morning seventy or eighty men
got aboard, and the boat started leav-
ing a big crowd on the bank, waiting
for the next trip.

When a few feet from the shore, water
splashed against the rail and a boy,
who had fallen over the previous day,
seized one of the tackle ropes, which
ran from the overhead cable to the
stern of the boat. Some of the
men started toward him and instantly
the boat careened and filled. The
Hudson river was swollen by fresh
rains and bore a score or more of
struggling men down the stream.

Many others succeeded in catching
hold of the boat, which had righted,
and they clung there until they were
pulled ashore.

The wildest excitement prevailed,
but the current carried many of the
men toward shore, where they were
rescued. Teams were quickly har-
nessed and loaded with skilled log
drivers and sent down along the river
to points where the bodies would
likely be found.

Dozens of dinner pails, hats and
coats were fished out, but it was nearly
6 o'clock before the first body was
found. This was found in a log jam,
two miles below the dam, and was re-
cognized as that of an Italian inter-
preter.

CORTELYOU'S QUARTERS

Department of Commerce and Labor
Finds Place

Washington, Mar. 7.—Secretary Cor-
telyou has secured temporary quarters
for the department of commerce and
labor in the Builders' Exchange, 721
Thirteenth street, New York.

His own office and that of Commis-
sioner of Corporations Garfield will
be located in the building which is
already occupied by the light house
board, one of the bureaus of the new
department.

Secretary Cortelyou will continue
his own office at the White House,
probably until the latter part of next
week, when he will join Commissioner
Garfield in the new quarters.

'FRISCO THIEF CAUGHT

Has Been Robbing Fashionable Hotels
and Residences

San Francisco, Mar. 7.—The police
today captured a man named Charles
Johnson, whom they believe is re-
sponsible for the numerous robberies
in this city in the past few months.
An unprecedented number of robberies
of the fashionable hotels and resi-
dences in the wealthy part of the city
led the police to make a strong effort
to find the culprit.

Johnson was captured after a hard
chase today. He had broken into a
room in the California hotel, making
off with jewelry and cash to the
amount of several hundred dollars.

AMERICAN MADE CABLE

Contract Let for Line from Puget
Sound to Alaska

Washington, Mar. 7.—The contract
to furnish the signal corps of the army
with about 1,100 statute miles of sub-
marine cable to be laid between Puget
Sound and Alaska has been awarded
to the Safety Insulated Wire and Ca-
ble company of New York.

It will be entirely of American man-
ufacture and will be the first long tele-
graph cable ever made in the United
States.

HERALD EDITOR RESENTS COM-
MENTS MADE BY TIMES

Wallace L. Hardison Entered Box in
Which General Otis Was Seated
and Dealt Him Several Blows

Los Angeles, Mar. 7.—A sensational
encounter occurred in a box at the Los
Angeles theater this afternoon be-
tween Wallace L. Hardison, proprietor
of the Los Angeles Herald, and Gen-
eral Harrison Gray Otis, proprietor of
the Los Angeles Times.

General Otis was witnessing a per-
formance of the "Heart of Maryland,"
when Mr. Hardison entered the box.
After some conversation in a low tone
of voice, Hardison seized General Otis
by the coat with his left hand, and
with his right hand dealt him several
blows in the face.

The men were separated by actors,
detectives and stage hands. During
the disturbance a woman seated in an
adjoining box struck Hardison with a
metal purse, cutting his face.

The trouble arose over a dispatch
from Salina, Kansas, announcing Har-
dison's engagement to be married to
Miss Daily of that city, upon which the
Times commented. Hardison objected
to the comment. No arrests have been
made.

ALL TROOPS TO REMAIN

MILITIA WILL BE KEPT ON DUTY
AT COLORADO SPRINGS

Governor Peabody Invests Command-
ers of Forces With Power to With-
draw Where Occasion Warrants

Colorado Springs, Mar. 7.—Brigadier
General John Chase, in command of
the troops at Colorado City, returned
last evening, after a conference with
Governor Peabody at Denver, and stated
that the executive had left it with
him and Colonel J. H. Brown, legal
advisor to the troops and representa-
tive of the government, how long the
troops should stay here.

"We will not move a single man,"
said General Chase, "until the situation
at Cripple Creek is cleared. Should
there be trouble following the
refusal of the Mine Operators' associ-
ation to accede to the request of the
Western Federation of Miners not to
ship ore to Colorado City mills, we
are in a position to put 1,200 to 1,400
men in the field."

An attempt to replace the pickets on
the part of the strikers today was met
with an order from the military
authorities that this shall not be done.
The Federation of Labor men were
also warned not to place pickets
around the houses of employees of the
mill. President Moyer of the Federa-
tion went to Denver today to the
headquarters of the Federation and
stated before he left that if the neces-
sity arise a strike would be called in
the Cripple Creek district on March 9,
the limit named in the demand of the
Federation for the mine owners not to
ship ore to the Colorado City mills.
There was no trouble today.

ONLY FOUR WIVES

London, Mar. 7.—Advices from Kabul
say the Ameer of Afghanistan has
divorced all but four of his wives. He
also decreed that none of his subjects
shall hereafter have more than four
wives and that all in excess this must
be divorced.

BRIDGE WORKERS' STRIKE

Philadelphia, Mar. 7.—There are no
new developments in the bridge work-
ers' strike. According to information
received today by President Buchanan
there are 1,500 idle bridge men in New
York, 1,000 in Pittsburgh and 1,200 in
other places.

PORTO RICAN LOAN BILL

San Juan, Porto Rico, Mar. 7.—The
house of delegates today unanimously
passed the \$1,000,000 insular loan bill.
It is now being considered by the coun-
cil, but it is thought improbable that it
will be approved by that body.

OFFER FOR FIGHT

Vancouver, B. C., Mar. 7.—Manager
Cohn of the Vancouver baseball club
has offered a purse of \$25,000 for the
twenty-round contest between Jeffries
and Corbett.

BURLINGTON COLLISION

Omaha, Mar. 7.—Two passenger
trains on the Burlington road collided
near Hyannis, Nebraska, early today.
One passenger was probably fatally
and three seriously injured.

SOLDIERS ARE COMING

Transport Thomas Sailed from Manila
on March Sixth

Washington, Mar. 7.—Adjutant Gen-
eral Corbin has received a cable mes-
sage from General Davis, commanding
the troops in the Philippines, saying
that the transport Thomas sailed from
Manila on March 6th for San Fran-
cisco with Brigadier General Frank D.
Baldwin, Brigadier General Morris G.
Foster, and 558 enlisted men of the
Twenty-fifth, Twenty-seventh, Thirty-
first and Thirty-sixth companies of the
coast artillery, and the Fourteenth and
Fifteenth batteries of field artillery.
This includes 36 sick, 118 casualties, 3
insane and 183 discharge soldiers.

AN IMMORAL TRAFFIC

Starting Condition Exists in St. Louis
Police District

St. Louis, Mar. 7.—Testimony before
the grand jury today in the investiga-
tion of the charges that traffic in girls
for immoral purposes exists in the
Fourth police district, was to the ef-
fect that girls were sold like slaves
and that the price of \$100 was paid
for each good looking young woman
received.

Further testimony was to the effect
that the girls were secured and held
as prisoners and forced to wear gar-
ments that made it impossible for
them to escape to the streets.

BOSTWICK WANTS THE TOWNSITE PATENT

C. R. Bostwick, former probate
judge of this county, has by no means
given up all hope of recovering the
money he expended while preparing to
get a townsite patent of Bisbee. It
has been thought all along that no
appeal would be taken from the de-
cision of the commissioner of the gen-
eral land office at Washington, but
yesterday the unexpected happened.

W. P. Miller, city attorney, received
a notice from English & Bowman, at-
torneys for Bostwick, informing him
that an appeal has been taken to the
secretary of the interior. The letter
is very brief, and does not give any
of the grounds upon which the appeal
is taken.

Yesterday evening Attorney Miller
prepared a letter to the commissioner
of the land office, which will be for-
warded to that official at once. The
letter reads as follows:

"Dear Sir: I recently received by mail
a paper purporting to be a copy of
a notice of appeal from your deci-
sion to the honorable secretary of the
interior. The time allowed for an
appeal from your decision has about
expired, and we understand that un-
less rule 88 of the Rules of Practice
is complied with, namely, the filing of
a specification of errors, that the fail-
ure in accordance with rule 80, will
be treated as a waiver of the right of
appeal. I do not know whether any
specifications of error have been filed
in the matter in question or not, al-
though I am inclined to doubt that any
have been filed. Be that as it may, I
would respectfully call your attention
to the affidavit enclosed in this letter
from which it appears that C. R. Bos-
twick is no longer the probate judge
of Cochise county, Arizona, and I am
of the opinion that inasmuch as he is
an interested party only by virtue of
his holding office as probate judge,
that he is not now in a position to
take any appeal from your decision in-
volving in the matter in which said
affidavit is entitled.

"I did not see any way or manner of
getting the fact that C. R. Bostwick

is no longer probate judge before your
office for consideration except through
the medium of an affidavit. I will
cause a copy of this affidavit to be
forthwith served upon English & Bos-
man, the attorneys for Mr. Bostwick."

An affidavit prepared by the city
attorney tells in detail the stand of
the city of Bisbee takes in its opposi-
tion to the appeal of the former prob-
ate judge. It calls attention to the
fact that the appeal is in error inas-
much as Bostwick is no longer prob-
ate judge, and cannot take an appeal
only in that capacity.

That those who are following closely
this townsite patent matter may un-
derstand the matter more clearly the
affidavit prepared by Attorney Miller
is printed in full. It reads as follows:

"W. P. Miller, being duly sworn, de-
poses and says: That he is advised that
one C. R. Bostwick has filed a notice
of appeal in the general land office at
Washington, D. C., wherein and where-
by one C. R. Bostwick gives notice of
his appeal from the decision of the
honorable commissioner of the general
land office C5572, dated January 8th,
1903, to the honorable secretary of the
interior; that the said C. R. Bostwick
is not now the probate judge of Co-
chise county, and was not such prob-
ate judge at the time of filing said
notice of appeal; that one Frank R.
O'Brien is now and at all times since
the 1st day of January, A. D. 1903,
has been duly qualified and acting
probate judge of Cochise county, Ariz-
ona; that he, said affiant, is city at-
torney of the city of Bisbee, a municipal
corporation, claiming the right in
the above entitled proceeding to en-
ter the lands embraced in the city of
Bisbee under the townsite laws of the
United States, said lands being part of
the same lands involved in the applica-
tion of the said C. R. Bostwick to en-
ter said lands, made by the said C. R.
Bostwick at the time when he was
the probate judge of Cochise county,
Arizona territory.

"Wherefore, affiant prays that the ap-
peal of the said C. R. Bostwick be dis-
missed."

TRAINS IN FIFTEEN DAYS

Superintendent Simmons Denies the
Rumor of Agreement

"Inside of fifteen days," said Super-
intendent Simmons of the El Paso
and Southwestern last night, "trains
will be running into Tombstone on
the branch from Fairbank."

Early this week the track laying
gang which has been removed from
Don Luis to Fairbank will begin work
placing the rails. The ties on the
branch lines have been laid half the
distance, and a gang of men is com-
pleting the work as fast as possible.

The company will this week put an
engine to work carrying the steel from
Don Luis to Fairbank. It will be used
by the construction gang, and work up
to the end of the new track. The
company is putting in a "Y" at Fair-
bank, which will enable trains coming
out of Tombstone to head toward
either Bisbee or Benson.

Superintendent Simmons made a
strong denial of the report that the
Southern Pacific and El Paso and
Southwestern have made a close traf-
fic arrangement. He said that the
two roads will in future have nothing
more in common than they have had
in the past.

As it is now the two lines have
freight agreements the same as the
El Paso and Southwestern have with
any of the other roads at the eastern
end of its line. This is a matter that
does not bring them into any greater
harmony than they have been.

Superintendent Simmons made the
trip from El Paso here with Mr. Dodge
and his party. While they were in El
Paso, he escorted them over the city.
He will be with them a part of the
time they are in this section.

PANAMA CANAL TREATY DISCUSSED---ILLINOIS COAL MINERS GET RAISE

SENATE FOREIGN RELATIONS
COMMITTEE IN SESSION

Senator Morgan Resumes His Argu-
ment Against Panama Canal and
Asks for Number of Amendments

Washington, Mar. 7.—The senate
committee on foreign relations was in
session for an hour and a half today.

During the most of this time, the
Panama canal treaty was under discus-
sion, but the committee adjourned un-
til Monday without taking action on it.

The greater part of today's session
was consumed by Senator Morgan,
who renewed his plea for an amend-
ment of the canal treaty in many par-
ticulars.

KATHRYN KIDDER BETTER

Little Rock, Ark., Mar. 7.—Miss
Kathryn Kidder, the actress, has re-
covered from a slight attack of pneu-
monia and will resume her Texas tour
at once.

BIG MONTREAL FIRE

Montreal, Mar. 7.—Two persons
were killed and seventy-five injured
in a fire here late tonight. The loss
will aggregate \$400,000.

WORKING AND WAITING

STATEMENTS FROM BOTH SIDES
OF WABASH TROUBLE

Counsel for Labor Organizations is
Now Preparing Its Answer to In-
junction Which Will Be Ready

St. Louis, Mar. 7.—"We are working
on an answer to the injunction," said
Judge Irwin, chief counsel of the Wa-
bash employees, tonight.

"We are waiting on an answer to
the injunction," said President Ramsey
of the Wabash.

The counsel for the labor organiza-
tions spent the day preparing an an-
swer to the injunction. Just when it
will be finished is not stated, but prob-
ably will be by Monday.

ELKS ELECT OFFICERS

Nominations Were Made at Meeting
Held Friday Night

The meeting of Elks Friday evening,
which was held for the purpose of
nominating officers for the ensuing
year was one of the most successful
held in many months. Several mem-
bers of the order were present from
surrounding towns.

Professor Henri Deschamps was
present and lectured on character
reading, after which he read the char-
acters of several Elks, who enjoyed it
as well as those who saw them pic-
tured according to the contour of their
heads.

The officers who were nominated
Friday evening will be elected at a
regular session in two weeks. After
that comes the installation exercises.
The officers nominated were as fol-
lows:

Member Grand Lodge—E. Marks.
Exalted Ruler—Dr. Sweet.
Esteemed Leading Knight—A. C.
Callaghan.
Esteemed Loyal Knight—S. Frank-
enberg.
Esteemed Lecturing Knight—J. C.
Bigelow.
Secretary—C. E. Reinhart.
Treasurer—Ben Frankenberg.
Trustee—John Blair.

The meeting lasted well toward mid-
night. The nomination of officers
passed off smoothly, and the selections
made were for the most part unani-
mous. E. Marks, who is nominated
for member of the grand lodge, has
been exalted ruler here for the past
year.

The Elks are preparing for a grand
installation, which will probably be
attended by members of the order
all over the county. Many members,
who are now residing in surrounding
towns, will be on hand.

The Elks here have not yet decided
whether they will take charge of the
celebration on the Fourth of July.
They are being urged by a large num-
ber of business men. The success
made of the celebration last July has
branded the Elks as competent han-
dlers of big celebrations.

Are Given Raise of Six Cents Over
Wages of Last Year, Though More
Was Wanted—Agreement Reached

Springfield, Mar. 7.—The strike of
40,000 coal miners in the Illinois fields
was averted this afternoon, when the
operators and miners of the state in a
joint conference signed an agreement
for the year commencing April 19th.

The miners receded from their de-
mand of nine cents over the Indianap-
olis scale in the first district, or in
the northern thin vein, and ten cents
over the same scale in Williamson
county.

The agreement as signed is for a
six-cent raise over last year's prices
all over the state. This raise was
agreed on at the joint national con-
ference of operators and miners at
Indianapolis.
